DEVELOPMENT STRATEGIES – IN BRIEF

‘Development Strategies’ Pakistan is established in 2008 by Health, Education and Development professionals in 2008 with motivation to facilitate development efforts of public and private sector, targeted at improving health, education and reducing poverty specifically for the most deserving segments of the population. These professionals have extensive experience of successfully undertaking strategic planning, designing, implementing and evaluating health, development and other social sector programs while working at senior positions with the governmental as well as non-governmental organizations. The ‘Development Strategies’ team is well conversant with organizational structures, operational dynamics, administrative policies and procedures of the government and non-government organizations.

1. Advisory Board

‘Development Strategies’ enjoys the confidence and technical leadership of renowned professionals from across the globe. The members of the ‘Development Strategies’ advisory board are the following:

1. Dr. Frederick Shaw, President, Developing Indigenous Resources (DIR), USA
2. Dr. Nasim Ashraf, President DNA Strategies, USA
3. Prof Jane R. W. Fisher, Prof of Women’s Mental Health, Monash University, Melbourne, Australia
4. Dr. Tariq Cheema, CEO World Congress of Muslim Philanthropy, USA
5. Mr. Abul Hashem, President and CEO, Global Development Support, USA
6. Prof Douglas Blackwood, Professor of Genetics and Psychiatry, University of Edinburgh, UK
7. Prof Peter Hill, Associate Prof of International & Tropical Health, University of Queensland, Australia

2. Partnerships

In pursuance of its motto, the ‘Development Strategies’ endeavors to establish global and national partnerships with NGOs, academic institutions and consulting organizations. These partnerships are envisioned to leverage resources to maximize the outcomes. Currently ‘Development Strategies’ has signed MoUs and established professional linkages with:

1. Quaid-e-Azam University, Islamabad
2. Non-profit Empowerment Group (NEG), Illinois, USA www.negwebsite.com
3. Impact Consulting, Islamabad, Pakistan www.impactconsulting.com.pk
